Pertaining to the above-referenced patent application, Applicants respectfully assert that on December 23, 2004 the appropriate Japanese priority document was received by the International Bureau. A copy of the Form PCT/IB/304 issued by the International Bureau was included with the application papers at the time of filing. A copy is also included herewith. However, the Notice of Allowability does not acknowledge Applicants claim for foreign priority or that the priority document was received. Applicants submit that no additional copy of the priority application is required for the U.S. National Stage, and respectfully requests acknowledgement of the claim for foreign priority and receipt of the priority document in an official communication from the Examiner.

Respectfully submitted,
